Rebecca Norfleet, Gallagher
Richard Rich
Roger Beckman
Station 101
Steve Quinn
Tom Westmoreland, Eagle Mtn

Call to Order

Meeting called to order by Chair Dahle at 8:05 a.m.

Public Comments

None

Public comment made available live and with a posted email address

Minutes Approval

Mayor Overson moved to approve the minutes from the February 17, 2023 Benefits & Compensation Committee Meeting as submitted

Mayor Silvestrini seconded the motion

All in favor, none opposed

Health Insurance Review and Forecast – HR Director Day/Gallagher

- ◆ Michelle Morris presented the current status of insurance with SelectHealth
 - ◆ SelectHealth released an 8.9% increase for the coming year, resulting in a potential \$600,000 increase
 - ◆ Gallagher compiled data reflecting the current negative trending that UFA holds
 - ◆ SelectHealth reviewed the data and proposal from Gallagher and agreed to a flat increase for this year
 - ◆ As in the past year, built into the proposal is the contingent funding with a 5% return or cost in premiums
 - ◆ In response to Mayor Dahle's question, Michelle Morris from Gallagher stated that the trend for SelectHealth is 10%, but then increases from there
 - ◆ UFA personnel are good stewards of the use and management of health insurance
 - The healthier population, preventative testing, and their access to a network of doctors, etc. all contributes to lower claims
- ◆ Mayor Dahle explained how the health insurance savings helped the Board bring the workforce from the bottom 3rd to one of the top 3 paying departments
 - ◆ Kudos to the organization for using their medical benefits responsibly
- ◆ Mayor Silvestrini is disappointed that SelectHealth does not recognize the trending and pass the savings onto UFA with the initial proposal
 - ◆ Personnel are great stewards of their health plan
- ◆ Dental Insurance
 - ◆ SelectHealth did propose an additional -1% to the medical renewal if UFA would change to the SelectHealth dental program
 - This would realize an extra \$65,000 in savings for UFA
 - SelectHealth dental has 500 more contracted offices than PEHP
 - If a provider is not within their network, providers can easily join
 - ◆ Gallagher stated that this -1% savings is only for the first year
 - There would be no problem switching back to PEHP if after the first year, UFA wished to do so
 - Discussion was had regarding out-of-state providers and that those individuals seeking care out-of-state would need to manually submit claims to SelectHealth
 - ◆ Local President Dodge feels that Gallagher should push to increase the savings if UFA decides to utilize SelectHealth dental
 - ◆ The Committee discussed how the 5% savings or cost would be paid for by Fund Balance and 20% billed to employees, or reimburse employees and added to the budget
- ◆ Chief Burchett asked for clarification as to the direction the Benefits & Compensation Committee wishes to go
 - ◆ It was decided to direct Gallagher to return to SelectHealth asking for a better rate if UFA accepts SelectHealth dental
 - Local President Dodge also asked if Gallagher could look into ensuring that there exists a bridge to cover current ongoing procedures

5-Year Compensation History – HR Director Day

- ◆ Staff was asked to provide a 5-year history of COLA and merit increases
- ◆ Mayor Dahle explained that it is nice to see that COLA's have been around 2% in the past, until last year with a 6% for all employees

Market Adjustment – Chief Burchett/HR Director Day

- ◆ Sworn
 - ◆ The Committee reviewed a comparison chart with 15 other departments within the valley and Park City
 - ◆ These comparisons were broken down by rank, and gathered by UFA Human Resources
 - ◆ Chief Burchett stressed how important this is with retention and recruitment
 - UFA has become a destination department
 - With recent lateral promotions, this is becoming a reality as there were 35 employees from other organizations applying
 - This ensures that UFA puts the right personnel in living rooms, taking care of loved ones

- ♦ Chief Burchett clarified that the proposed 5% Member Fee increase includes all of what is presented today
- ♦ Civilian
 - ♦ Chief Burchett explained that \$221,000 for all sworn and civilian positions and would also bring civilians to the top 3rd
 - ♦ The civilian population of UFA is much smaller and would impact the Member Fee by only .33%
- ♦ No further questions

Cost of Living Adjustment (CPI) Review – Chief Burchett

- ♦ Sworn
 - ♦ The Committee reviewed the impact of a 3% COLA for sworn personnel
- ♦ Civilian
 - ♦ Chief Burchett recapped how bringing sworn personnel to the Top 3 took 4-5 budget cycles
 - ♦ Civilians are much less of an impact to the budget and Chief Burchett proposed that civilians receive a 4% COLA for a cost of \$53,000 to help with reaching the top 3rd concept
 - ♦ Chief Burchett recognizes that this target is challenging with the current climate, but utilizing COLA would help advancement in a meaningful way
 - If the Committee/Board wished to reach the top 3rd all at once, the Member Fee would exceed the currently projected 5%
 - Mayor Dahle feels that the 5% Member Fee max should remain
 - ♦ Chief Burchett reiterated that with everything proposed and the capital purchases, the Member Fee is 5%
 - Ambulance transport revenue has helped offset these considerations
 - ♦ Labor President Dodge feels that sworn should consider that the civilian staff is necessary to support the mission of those in Operations
 - Chief Burchett reminded the Committee that the sworn personnel have been compensated at top 3, since 2018
 - ♦ Mayor Dahle stated that the COLA is below the inflation trend and wishes to know what other municipalities feel they will approve for COLA this year
 - Mayor Weichers stated that CWH kept pace with UFA and approved a 3% COLA last year
 - Mayor Dahle feels Holladay will approve 3% as well
 - Mayor Dahle stated that municipalities will look at the past 2-year span and try to average the approved percentages
 - Both Mayor Overson and Council Member Hull agree
 - ♦ Local President Dodge feels that comparison to agencies within the valley is a healthy model and is a good place to be

Final Recommendations – Chief Burchett

- ♦ Health Insurance
 - ♦ The Committee agreed to accept the 0% proposal from SelectHealth
- ♦ Dental Insurance
 - ♦ The -1% if UFA accepted the dental insurance was also approved for a savings of \$65,000
 - ♦ Mayor Dahle reminded all that Gallagher will return to revisit this savings once they have had a chance to discuss further reductions with SelectHealth
- ♦ Market Sworn and Civilian
 - ♦ Approved as discussed and presented
- ♦ COLA Sworn and Civilian
 - ♦ The Benefits and Compensation Committee will recommend that the Finance Committee approve the 3% COLA for sworn and a 4% for civilians
 - ♦ All these recommendations are based on an overall agency ceiling of 5%
- ♦ Mayor Dahle will present these recommendations to the UFA Finance Committee at the 4/10/23 meeting

Closed Session

None

Adjournment

Mayor Weichers moved to adjourn the March 30, 2023 Benefits & Compensation Committee Meeting

Mayor Overson seconded the motion

All voted in favor, none opposed
