UFA Policy and Procedure – IT Acceptable Use

- Deleting paragraph 11.2.1 which allowed for separated employees in good standing to maintain an LMS account by paying a one-time fee. The cost has become unsustainable and very few, if any, former employees took advantage of the option. This also resulted in a large number of incomplete assignments for those who were on the system for years but not using the system.

This has been vetted by Command Staff and approved by PAC.

UFA Policy and Procedure – Paramedic Lateral Process

- 1.2 Changed to be consistent with dedicated paramedic hiring requirements.
- New paragraph 3.0 outlines additional candidate evaluations of firefighter skills and physical agility test.

This has been vetted by Command Staff and approved by PAC.

UFA Policy and Procedure – Preference for Entry Level Examinations

- Do to the significant decrease in the number of part-time EMS shifts, because of hiring full-time firefighters to replace these positions, the policy has been modified to address preference points in a manner that is more realistic and attainable for part-time employees.

This has been vetted by Command Staff and approved by PAC
